

Can I put a locker in the living room

Do you need a locker in your home?

While many may think of boring school lockers or utilitarian gym lockers, there are so many creative ways to incorporate stylish and functional lockers into your home. Lockers are great for adding extra storage in tight spaces like entryways, mudrooms, laundry rooms, garages, and more.

Can a locker fit in a modern room?

A locker can be part of a mid-century modern, contemporary, Scandinavian, industrial, vintage and farmhouse interiors, though, depending on the look, you may incorporate it into almost any space. If you choose a modern locker, which comes in several different designs and very soft modern colors, it can really fit any room.

What do you put in a locker room?

An eclectic space with grey metal lockers, a bold red console table, rattan chairs, bold bags and bright decor on top the lockers. An industrial space with a stack of black lockers for storage, a wall-mounted mini desk, a polished metal lamp and a map on the wall.

Should you add a locker to a modern interior?

Incorporating a vintage piece or two into a modern interior is a very popular solution now, and including such pieces into your space gives it a character and a story. One of such items you may add is a locker, an industrial metal storage unit that can totally change the game.

Can you put a locker in a bathroom?

The Skinny - This slim, single locker was the first of Mustard Made's designs and can be used solo or placed alongside another Skinny to create a row of lockers. If you have space in your bathroom, you could put one in there to hold linens, toilet paper, cleaning supplies or even robes and clothing.
