

Solar power hat

What is a power hat?

Sign up for daily news updates from CleanTechnica on email. Or follow us on Google News! The Power Hat, a brand-new product from EcoFlow, is a lightweight and durable hat with solar cells integrated into its brim for 360° of solar coverage, with both USB-A and USB-C output ports.

Where can I buy a solar fan hat?

You can buy a solar fan hat on Amazon.com. Amazon.com: solar fan hat

When will ecoflow power hats be available?

The Power Hat will be available in preorder until August 31st and EcoFlow says it expects to start shipping them out in mid-September. The EcoFlow Power Hat is a wide-brimmed hat with solar cells embedded in the brim that outputs at 12-watts via the USB-A or USB-C ports on the underside.

How does ecoflow power hat work?

Featuring an adjustable hook-and-loop design inside the hat for a snug fit without obstructing vision. Traditional solar panels require adjusting to ensure optimal sunlight exposure. EcoFlow Power Hat maintains the optimal angle at all times, eliminating the need for manual adjustments. It charges a mobile phone fully in as fast as 3-4 hours.

Does the ecoflow power hat have UV protection?

The EcoFlow Power Hat comes with a lab-tested UV penetration rate of 0%, achieving a sun protection factor of UPF50+. With sun and UV protection, it lets you face the sun without worrying about sunburn or overheating. During the charging process, the brim's solar panels convert up to 24% of absorbed heat into electricity.

How much does a Sun Visor Hat with Solar Fan cost?

Sun Visor Hats with Fan cost \$15.99. They have three temp settings and large area sun protection. Kloware offers a 2X Clip-on Cap with a Mini Solar Powered Fan for camping and fishing, which is battery powered. It is priced at \$15.99.
